General Manager's Message

Locally Invested | Community Minded | Lifetime Membership Benefits

In business today, companies must stay relevant. They must invest in technology, in their people and their assets. At Dauphin Co-op, we are committed to longterm, sustainable growth and have been for more than 81 years.

Your ongoing support has allowed us to invest in brand new facilities and expand existing ones, to allocate patronage and provide \$1,119,686 in share redemptions to our member-owners, in 2020, and truly provide you with membership benefits.

Our Vision "Enrich the life of our communities" guides everything that we do. Our brand promise of Locally Invested, Community Minded and Lifetime Membership Benefits is what makes us

a different and better kind of business from our competitors.

More than \$100,000 has been invested in community programs and initiatives in 2020.

This investment betters the lives of our employees, you and your family and the communities we work and raise our families in.

Thank you for your support in making a difference in the lives of our members right here in our communities.

Sincerely,
Lorne Eiffert

80th Annual General Meeting

The 80th Annual General Meeting was planned earlier in 2020, but restrictions due to the Covid-19 pandemic meant changes needed to be made so we could meet virtually.

Overall, it was a success. We thank all of our members that joined the virtual meeting for their patience as we navigated a new way of holding our AGM.

Fuel Good Day Success

Fuel Good Day is held once a year across Western Canada where Co-op donates money for every litre sold to local communities.

Thanks to the generous support of our community, we sold over \$52,500 litres of fuel in September, 2020, and donated 10 cents per litre to Henderson School in Dauphin resulting in a \$5,250 donation. The money will be used to replace 30 year old swings with new ones adding to the upgrades for the students and community.

CO-OP #2019

Dauphin Deraillieurs Family Trail Project

Want to be part of the project?

You can support it when you use this CO-OP #2019

Co-op Community Family Trail

If you haven't had a chance to experience the incredible transformation going on near the north entrance to Riding Mountain National Park - what are you waiting for?

Here are just a few of the new additions at Northgate Trails. The Co-op Community Family Trail has even more new features on the way in 2021. Each time you use Co-op # 2019 you are supporting the development of this world-class destination.

Win Your Fill

Angela Moore

The year 2020 saw two lucky Dauphin Co-op members win free fuel for a year - both after getting a fill at Mountain Road Co-op Gas Bar and entering their receipt online for the contest!

Gas Bar Manager, Midge Sametz was proud to present them with their prizes. These members fill up at Co-op on a regular basis and were delighted to find out they had won simply by entering!

Wayne & Denise Shewchuk

Fort Dauphin Museum Support

Dauphin Co-op hopes to enrich the life of our communities. One avenue of enrichment is our Communities in Full Colour program. Each year, we receive applications from organizations in Dauphin and surrounding communities to participate in the Home & Building Centre's paint grant program.

We are proud to announce that we approved Fort Dauphin Museum's application for 40 gallons of stain to refurbish their buildings. Dauphin Co-op Team Members volunteered to help stain and help preserve this important heritage site for years to come.

Bags for Breakfast Program

Dauphin Co-op contributes three cents for every reusable bag used at the checkout towards the Bags for Breakfast program.

Young minds need healthy food options in order to grow, learn and develop into the best they can be.

We are proud to support daycares, like Parkland Campus Kids. "Dauphin Co-op is an exceptional support for our community! With the help we receive from Co-op we can supply a healthy and nutritious breakfast, hot lunch and snacks to 40 children." said Katie Durston, Daycare Director.

Co-op Community Outdoor Classroom

In 2019, the Ste Rose School received a \$32,000 Co-op Community Spaces grant to create an Outdoor Classroom and Nature Playground. Some delays arose due to the pandemic, but all the components arrived over the summer in 2020.

With students back in school and concerns over physical distancing, the benefits of having an outdoor classroom was very timely.

Register your children, 12 and under, for our Kids Club to be eligible for member-only contests, events and prizes.

Applications available on our website under Memberships or at any location.
