

Celebrate Canada's Agriculture Day!

How is your school celebrating Canada's Ag Day?

Our Food has a Story!

Canadian farmers are dedicated to producing safe, healthy and affordable food from their farms to your tables.

How do farmers in our area help feed us and the world?

Can your students tell us in writing, drawings, pictures or video why farming is so important and what Dauphin Co-op's role is?

Submissions accepted until 5pm, Tuesday, February 14.

Contact Joan 204-638-6003 Ext 215 or email
j.chetyrbok@dauphincoop.com

The winning school will meet a local producer to learn more about agriculture's role in our area.
